The Employer Engagement Initiative was created to build relationships with organizations, keep apprised of the newest hiring trends, and to discover new internship and job opportunities for all students.

59% of the visits took place in LA & Orange Counties.

What we heard from employers:

- "No matter how good your technical skills are, if your communication skills are weak, you won't get the job." - Mercedes Wiemers, Cummins Cal Pacific

- "Take risks, even if you're scared to make mistakes or you fail, because that is how you learn and get noticed." - Bethany Delgado, Bernard Couler

- "I cannot overstate the importance of networking." - Marinta Skupin, Laguna Art Museum

More employer activity:

- Career Fairs
- On Campus Interviews
- Job & Internship Listings
- Job Shadow Program
- Panels

As a result of this project, 82% of the organizations visited will increase their activity at UCI.

In 2014, 16 staff members visited 100 employers locally & nationwide from 35 different industry sectors:
