

Career Counseling Appointment

Create an action plan and develop a career planning timeline to give your career search direction.

Self Assessment

Explore through assessments such as the Strong Interest Inventory (SII) and Myers-Briggs Type Indicator (MBTI) and learn how your interests, skills, values, and personality can help identify career paths of interest.

Research Careers

Use the online tools provided by the UCI Division of Career Pathways and informational interviews with professionals to find careers which match your interests. Check out the Anteater Career Network at www.career.uci.edu or attend the Career Discovery Series to learn from professionals in fields of interest.

Get Involved

Start getting involved on campus in activities, organizations, or jobs that fit your interests. Take on leadership roles and gain experience.

Test Drive a Career Field

Consider applying for an internship to gain relevant experience, network with professionals, and see what the career is like firsthand.

Prepare for the Job Market

Attend workshops (i.e. Resume, LinkedIn, Internship, Job Search, and more.) Get your resume and cover letter reviewed and participate in a one-on-one interview practice.
