## Laboratory Experience Example

### Lawrence A. Walker

2345 McNally  
Altadena, CA 91001

(626) 798-3458  
lwalker@aol.com

- Objective** Seeking employment in a hospital laboratory setting
- Education** **B.S., Biological Sciences**  
**Specialization: Cell Biology, and Molecular and Biochemistry**  
University of California, Irvine, GPA 3.4 June 2012
- Relevant Coursework** Immunology with Hematology, Human Parasitology  
Virology, Cell Biology, Microbiology, Biochemistry Laboratory
- Laboratory Skills** Enzyme characterization, RIAs, ion-exchange chromatography, gel electrophoresis, protein assays, plasma preps, aseptic techniques, use of radioisotopes, HPLC, cell fractionation
- Certification** Certified Blood Withdrawal, EKG Technician
- Experience** **Research Assistant**, UCI Biochemistry Department January 2011- present  
Carry out research project in Biochemistry in the electron transport chain in the nitrogen-fixing bacteria *Azotobacter vinelandii*. Work is in the process of publication.
- President**, Flying Samaritans, Irvine, CA September 2010- present  
Promote club to college students interested in healthcare. Oversee other officers and activities of the club to communicate purpose of organization.
- Hospital Volunteer**, Friendly Hills Healthcare Network, Pasadena, CA December 2008- December 2009  
Shadowed and assisted doctors and nurses in the Emergency Room and Dietary Nutrition Office. Transported and handled discharge of patients.
- Tutor**, UCI Biological Sciences Department April 2008-June 2008  
Tutored 10-15 students in various areas of need in the sciences.
- Honors** Dean's Honor List: 10 Quarters  
Joseph H. Stephens Award for Outstanding Research in Molecular Biology & Biochemistry  
Phi Beta Kappa  
Golden Key Honor Society
- Activities** American Red Cross, 2009  
Habitat for Humanity, 2009  
AIDS Walk in Orange County, 2007
- Skills** Proficient in Sigma Plot, Jandel and Microsoft Office
